The Sociology Guy

Global Development

Topic	Applied to areas (AO2)	Analysis	Evaluations
Development, underdevelopment and global inequality - Modernisation - Dependency - Marxist - Neo-liberal - Post-development	All aspects of the specification consider theoretical views: - Aid and Trade - Industrialisation - Urbanisation - Environment - War/Conflict - Employment - Education	Explain what each theoretical position suggests and how it impacts one development Use examples from throughout the course to develop your points – this shows deeper understanding	What is wrong with these ideas? What would other sociologists suggest? What do they not explain?
Competing definitions and measurements of development - Economic - Social - Human Development Index	- Gender - Health - Population Evaluate the contribution of... - Marxist - Modernisation - Neo-liberal	Explain how and why these theories suggest development and underdevelopment occurs	How are they backed up/criticised by research? Are there any alternatives?
Suggested Studies: Rostow, Frank, Escobar, Collier			

Global Development

Topic	Applied to areas (AO2)	Analysis	Evaluations
<p>Globalisation and its influence on the cultural, political and economic relationships between societies</p> <ul style="list-style-type: none"> - Economic Globalisation - Political Globalisation - Cultural Globalisation <p>Theoretical Approaches:</p> <ul style="list-style-type: none"> - Neo-liberals - Marxists - Transformationalists 	<p>All aspects of the specification are influenced by the process of globalisation</p> <ul style="list-style-type: none"> - Trade - Aid - Education - Employment - Gender - Population - Health - Conflict - Environment - Industrialisation - Urbanisation <p>Pay particular attention to the role of Western values being promoted in the developing world as part of expansion of capitalism/modernisation</p>	<p>Be able to explain how globalisation occurs and the economic, social and political aspects of it.</p> <p>Be able to explain how it impacts on other aspects of development such as education and conflict</p>	<p>What is wrong with these ideas?</p> <p>What would other sociologists suggest?</p> <p>What do they not explain?</p> <p>How are they backed up/criticised by research?</p> <p>Are there any alternatives?</p>

Global Development

Topic	Applied to areas (AO2)	Analysis	Evaluations
<p>The role of transnational corporations (TNCs), non-governmental organisations (NGOs) and international agencies in local and global strategies for development</p> <p>Suggested Studies: Hoogvelt, Moyo, Ellwood</p> <p>For TNCs Klein, Sklair, Froebel</p> <p>NGOs Chambers, Edwards and Hulme, Bebbington et al</p> <p>IGOs Foster, Stiglitz, Buirra</p>	<p>TNCs, NGOs and IGOS applied to:</p> <ul style="list-style-type: none"> - Aid - Trade - Industrialisation - Debt - Environment - Education - Health - Employment - Population - Conflict - Gender 	<p>Be able to explain how agencies of development work and what are the impacts of their interventions</p> <p>Be able to explain further impacts of their interventions e.g. IGOS give aid, aid creates debt, debt leads to desertification and deforestation thus harming the environment</p>	<p>What is wrong with these ideas?</p> <p>What would other sociologists suggest?</p> <p>What do they not explain?</p> <p>How are they backed up/criticised by research?</p> <p>Are there any alternatives?</p>

Global Development

Topic	Applied to areas (AO2)	Analysis	Evaluations
Development in relation to aid and trade, industrialisation, urbanisation, the environment, and war and conflict	<ul style="list-style-type: none"> - Aid - Trade - Industrialisation - Debt - Environment 	Be able to explain different theoretical views on aid, trade, industrialisation, urbanisation, environment and conflict	What is wrong with these ideas?
Suggested studies Hayter, Sachs, Cohen and Kennedy, Kingsbury, Ellwood, Kaldor, Duffield, Collier	<ul style="list-style-type: none"> - Education - Health - Employment - Population - Conflict - Gender 	<p>Be able to explain the processes of trade and aid and discuss their potential impacts on development</p> <p>Be able to discuss the importance of industrialisation and urbanisation on the process of development, and the impacts these process have, particularly the environment</p> <p>Explain reasons for conflicts, the impacts of conflict and the impacts of interventions</p>	<p>What would other sociologists suggest?</p> <p>What do they not explain?</p> <p>How are they backed up/criticised by research?</p> <p>Are there any alternatives?</p>

Global Development

Topic	Applied to areas (AO2)	Analysis	Evaluations
Employment, education, health, demographic change and gender as aspects of development	Application to all areas – be able to explain the links between separate areas:	Be able to explain the processes of education, population growth, health, gender and employment	What is wrong with these ideas?
The changing nature of employment as a result of development. Leonard, Elson and Pearson, Rostow	- Aid	Be able to demonstrate the impacts of aspects of development on the process of development	What would other sociologists suggest?
	- Trade		
The role of education in development, including different education systems. Lerner, Sen, UNESCO Education for All Global Monitoring Report 2010	- Industrialisation	Be able to explain the theoretical views on different aspects of development	What do they not explain?
	- Debt		
Health care systems and the nature of health and illness in developing countries. Cohen and Kennedy, WHO 2006 report, MacDonald	- Environment		How are they backed up/criticised by research?
	- Education		
	- Health		
	- Employment		
	- Population		
Trends, causes and significance for development of demographic change, including global population growth. Malthus, Boserup, Adamson	- Conflict		Are there any alternatives?
	- Gender		
The significance of gender in relation to development. Leonard, Pearson, Van der Gaag			

Global Overview

Concept	Tick when Complete	Concept	Tick when Complete	Concept	Tick when Complete
Economic Measures		Social Measures		Human Development Index	
Economic Globalisation		Cultural Globalisation		Political Globalisation	
Modernisation Theory (Functionalist)		Dependency Theory (Marxist)		World Systems Theory (Neo-Marxist)	
Neo-Liberals (New Right)		Post-Modern		Post Development	
Aid		Structural Adjustment Policies		Trade	
Free Trade		IGOs		NGOs	
TNCs		Causes of Debt		Industrialisation	
Urbanisation		Environmental Problems		Conflict	
Education		Employment		Gender	
Health		Population		Deforestation	
Desertification		Air and Water pollution		Marginalisation Thesis	
Exploitation Thesis		Old Wars/New Wars		Neo-liberals on Globalisation	
Transformationalists on Globalisation		Marxists on Globalisation		Anti-Globalisation Movement
